

School is closing to stop the spread of the Coronavirus. This means I

will be doing some school work at home for a while. My

..... will help me. It is ok if I feel a little

worried I can speak to my I can have

extra time with my special toy / on my own / in my safe space if I

need to.

We will not be able to visit some of the places we normally do.

That's ok we can do fun activities at home and speak to

family and friends on video call. My will let

me know what we are doing each day.
